DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 5

ADA, OKLAHOMA, MONDAY EVENING, SEPTEMBER 8, 1908

NUMBER 136

LENIENT HUSBAND FORGIVES HIS WIFE

Guthrie, Ok., Sept. 7.—Shame faced, but radiantly happy and penitent, Mrs. Frank Smith returned to her home in Oklahoma City this morning with her husband, a restaurant keeper. She eloped to this city last night with Harry Ray, a former suitor, who she says persuaded her to leave a happy home. Ray is in the city jail facing a felony charge. A warrant for his arrest was sworn out by Smith, who came to Guthrie this morning.

For the wife there was nothing but forgiveness. Mrs. Smith was overcome by her husband's generosity when he visited the jail where she, with her companion, was taken last night.

"It was a sad mistake," said Mrs. Smith. "Ray induced me to elope with him against my will. I was afraid to refuse him."

Ray, on the other hand, declares from his cell that Mrs. Smith is as much to blame for their downfall as he was. "She tempted me," he said.

Smith and his wife have been married but a year. The romantic fea-

ture of the affair is that both the husband and the man with whom she eloped were Mrs. Smith's wooers. Both were fiercely jealous and she was scarcely able to make a choice. Finally Smith took the lead and carried off a blushing bride, who, by the way, is a fetching blonde. Smith made heroic efforts to hush the affair. His wife declared her determination to live her mistake down.

KILLED HIS WIFE AND HIMSELF

Shawnee, Ok., Sept. 7.—Edward Lichtner, a Rock Island brakeman, killed his wife and then himself in a rooming house in Shawnee, at an early hour this morning. They had trouble and for the past few weeks have been separated.

Lichtner spent a few days at the home of his parents in Hartford, Ark., and returned to Shawnee last night and located his wife. He engaged a room next to hers, but did not occupy it. Shots were heard by other roomers this morning, and both were found dead. The wife's parents live near Shawnee.

County Treasurer J. C. Cates was elected vice-president of the treasurers' State Association, organized recently at the first meeting of county treasurers of Oklahoma. It was an honor most worthily bestowed.

GARTER

Elwood City, Pa., Sept. 7.—Strange things have been found in packages of tobacco. Carpet tacks and broom straws have been the favorite, but today Joseph McCullen found a woman's garter in a freshly packed of "scrap." Now he is wondering where the slip bearing the name and address is.

Usually the young lady who takes chances on putting her garters in packages of tobacco accompanies the same with her name and the request that the finder will write. McCullen's friends want him to write to the factory where the tobacco was packed, and as he is single and sentimental he may do so.

Wewoka

The county seat election in Seminole county passed off last Saturday without any serious disturbance.

Wewoka won by five or six hundred majority; Seminole second with about 800 votes, Konawa third, with about 450 votes.

It is claimed by Seminole and Konawa adherents, that all of the Indians and negroes voted for Wewoka, is the reason it won by such a large majority.

Was Lured to his Death

Hooker, Ok., Sept. 7.—Keeping out of sight of his neighbor, Bert Michael, who came to the Spencer home to make love to Mrs. Spencer, then pouring the contents of a double-barrel shotgun into his body, killing him instantly, J. S. Spencer wreaked terrible vengeance on Michael at a camp near this city.

Michael and the Spencers have lived in this vicinity about two years, and have been neighbors and friends. Some two months ago Spencer went to Kansas to work. Mrs. Spencer warned her husband that Michael was trying to make love to her, telling her that he would have her in spite of her protest; that he could do better by her than her husband. Mrs. Spencer told her husband that she was afraid of Michael.

Spencer returned home unknown to Michael.

Michael came over to the Spencer house during the afternoon and talked to Mrs. Spencer, whose husband lay in waiting to see what Michael would do. The latter went away, saying that he would return that night. He came about 8 o'clock. Spencer and his wife had just gone to bed when Michael appeared at the house. Mrs. Spencer got up at the request of her husband and opened the door, and Michael entered, unaware that Spencer was there. Spencer immediately leveled his shotgun at Michael and fired both barrels into his body, killing him instantly and telephoned the sheriff what had happened. Michael's bulldog followed him to the house and when the officers got there the dog would not allow anyone to touch his master's body. The dog had to be killed before the body could be cared for.

TAFT TO SPEAK IN WEST.

WHI Do Most of His Campaigning In Middle West

New York, Sept. 6.—Frank H. Hitchcock, chairman of the Republican committee, arrived in New York today and will remain at the Eastern headquarters until after the election in Maine, September 14. The arrangement made with Mr. Taft at the conference on Middle Bass island yesterday, under which the Republican candidate for President will begin a speech making trip about October 1, pleased Mr. Hitchcock. He believed that most of Mr. Taft's speeches would be made in the Middle West, although some time might be devoted to New York and other Eastern states. The West Virginia case, which has been heard by a subcommittee of the national committee, will be presented to Mr. Hitchcock to-morrow.

The Facilities for Handling the Increasing Business of the

Farmers State Bank Enlarged

The Directors of this Bank take pleasure in making the announcement to the public that a Savings Department has been added to the Farmers State Bank. We wish in this connection to publicly express our appreciation of the confidence which the business and professional men of Ada and Pontotoc county repose in the management of the bank by transacting their business through this bank.

But we especially invite the attention of the small depositor and those who have no bank account to our Savings Department. Pay all your bills by check. Have you stopped to consider the many advantages of transacting business in this manner? Every check issued by you is returned at the end of each month and is a receipt for money paid. If you have only ONE DOLLAR come to this bank and start a bank account. Small accounts receive the same careful attention as the larger ones. When you think of a bank, remember that the only bank in Ada that guarantees every dollar, and ONE HUNDRED CENTS ON THE DOLLAR, is the

Increased railroad business in a town or city, means a growing and thriving place. This is what the report of the railroads at Ada show.

When a community, town or city, shows a greater increase paid for outgoing freight on products than is paid on that coming in, that section is prospering. That is the case in Ada.

With crop prospects brighter than for many years; a general spirit of improvement in country and town; the buying of unoccupied land and converting it into homes, all go to make Oklahoma the most prosperous section of this country.

The business men of Ada can save you money by coming here to trade. They buy goods in large quantities, consequently get them at the lowest prices, thus enabling them to give their customers the benefit of these bargains.

This is ideal weather and is the kind that is common in Oklahoma. With a fertile soil, equitable climate, and riches beyond computation

in minerals, why shouldn't Oklahoma forge rapidly to the front? In addition to these natural resources, this state has an industrious, energetic and patriotic people.

MORE MANUFACTURERS.

Some day not very far away the people of Oklahoma will wake up to the fact that it pays better to manufacture her home products than to pay tribute to some other states for the material which she might produce at home but does not. Take the matter of lime. There is enough limestone in any one of twenty counties in the new state to supply the world yet practically all the lime comes from Missouri, Arkansas or Texas. We send money out of the state to buy lime and thereby add to the revenue of other states, when the money should be kept at home and added to the total wealth of Oklahoma. So it is with many other products, such as building stone, brick, gypsum, plaster, Portland cement terra cotta, salt, asphalt, sewer tile, and the like. With unlimited quantities of raw material and fuel in plenty to manufacture it we continually send away from the state for these products.

The Oklahoma Geological Survey has several parties in the field investigating the presence of the mineral deposits of the state. When its reports are published the people will know what there is to be manufactured and factories and plants will be established to take care of Oklahoma's resources.

Back From Vacation.

Judge Jeol Terrell and Mr. C. J. Warren returned from Sulphur this morning where each had gone separately but on missions most closely related, so it is related. These amiable gentlemen appear as if the Springs agreed with them. They returned together.

INCREASED FREIGHT BUSINESS AT ADA

Towns and cities are built by being able to furnish products for shipment as well as furnishing a market for products consumed, and the exporting is more conducive to the prosperity of a community than the importing.

Ada belongs to the exporting class, and this fact is given tangible evidence by the freight bills paid the railroads centering here. Take as a comparison the amount received by

the Frisco at this point, during the month of August, 1907, and 1908. There was an increase of \$10,293.60 in freight paid for products shipped out the past month, compared with August, 1907. The freight charges on receipts of products show an increase of \$551.14.

Although there has been a great reduction on passenger railroads rates in this State, the Frisco shows a gain for August, 1908, over that month in 1907.

PRESS COMMENT.

Gov. Hanly of Indiana is reputed to have the republican state leaders "eating out of his hand." Perhaps that is the only way he can keep them from putting their feet in the trough—Dallas News.

The Times says the bank guaranty idea is impracticable because all the banks might close at once and the guarantee fund play out. Yes, and what would happen if everybody took the chills at the same time and the quinine supply played out? Horrors!—Oklahoman.

You really cannot afford not to be identified with the commercial organization of your town. It is a body of men banded together for the purpose of looking after the business interests of the town and to advance in every way possible the material interests of the town. These are things that are of interest to you individually and certainly you do not want to sit back and allow others to do things which are of as much benefit to you as to them. You want to hold up your end and you should get in line and place your name on the rolls of the organization—Denison Herald.

Roosevelt

Oyster Bay, N. Y., Sept. 7.—Armed with a big revolver fully loaded, a man believed to be a crank, who admitted he once was in an insane asylum and who insisted he must see President Roosevelt, was captured within a stone's throw of the president's home on Sagamore Hill today. He did not submit to arrest without a struggle, in which he attempted to draw his weapon on two secret service men.

In connection with the arrest it was learned that a mysterious shooting, which many construe as a deliberate attempt to assassinate the president, has kept the secret service men busy since Saturday last, and was the occasion of the hurried visit made by Chief Wilkie of the secret service bureau, who came from Washington yesterday and consulted with his subordinates at Sagamore Hill.

Shot Fired from Ambush.

With a companion the president was on horseback, riding along the Cove road, which skirts the shore of the bay. As he returned and was about turning into his own grounds a shot was fired from a revolver by some one concealed in the dense woods on the grounds of the president's cousin, W. Emlen Roosevelt. If the president was the target the bullet went wide of its mark. No trace of the miscreant could be found by the secret service men, and they do not connect the shooting with the appearance of the crank today, although they do not know how long he has been in the village.

Charge Is Concealed Weapon.

In his pocket was an old purse, in which, tied in a piece of velvet, was \$80. He made no defense when charged with carrying concealed weapons, and on this charge he was held, being sent to the county jail at Mineola.

He was not asked if he had been near the president's home on Saturday, the day the shot was fired.

Chas. W. Baldwin was called to the bedside of his father, who is not expected to live. He left this morning for Chickasha.

Notice.

A representative of the commissioner to the five civilized tribes will be at Ada, Okla., Monday, Sept. 28th, 1908, for the purpose of receiving proof of three years continuous residence, or continuous residence from date of settlement until date of death, on behalf of enrolled Mississippi Choctaws who have not heretofore submitted such proof.

Judge Brown Returns.

Judge H. J. Brown under the advantage of Labor Day succeeding Sunday secured a short respite from his rather arduous court duties and treated himself with a visit to his son Marvin L. Brown who is engaged in responsible position on the Appeal to Reason at Girard, Kan.

Judge Brown returned home this morning and when the News man inquired as to the reason of his trip and the welfare of his son, the response was that he had enjoyed his visit to the utmost and that Marvin was most substantial in a quite responsible connection with the mammoth publication on which he is engaged.

Both Mr. and Mrs. Marvin Brown have many friends in Ada, who will be glad to hear of their general satisfaction with the Kansas home.

The public remembers that Mr. Brown was once associate proprietor of the News and that his wife was Miss Mattie Rogers, whose mother and other relatives are highly respected and well connected residents of Ada.

It's a pity when sick ones drug the stomach to stimulate the heart and kidneys. That is all wrong! A weak stomach means weak stomach nerves, always. And is also true of heart and kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping stomach, heart and kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway take the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by G. M. Ramsey.

Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

EX-GOV. FRANTZ BUYS BIG TEXAS RANCH

Oklahoma City., Sept. 7.—Former Gov. Frank Frantz of Enid and his brother, Orville G. Frantz of this place, today purchased from an Oklahoma City syndicate the Prince ranch, of 50,000 acres, situated about seventy-five miles south of San Antonio. While the consideration is not given, it is understood to have been in the neighborhood of \$600,000. It is the purpose of the Frantz brothers to resell the property in small tracts. Gov. Frantz will open headquarters in San Antonio during the week and Orville Frantz will be in charge of an office in Oklahoma City.

The Prince ranch lies mainly in the northwestern corner of McMullen county, with small portions aggregat-

BRYAN

Fairview, Lincoln, Neb., Sept. 7.—William J. Bryan previous to leaving here to begin a three weeks' campaign tour which will carry him into the Middle West, the Eastern states, and back through the West into South Dakota, before returning home.

Perhaps no recent news afforded the democratic candidate for president so much interest as the announcement that Mr. Taft proposed making a campaign tour. Mr. Bryan regarded his opponent's decision as a distinctive vindication of his course in the present, as well as his two previous campaigns, when he traveled over the country and delivered political speeches. When asked if he had any comment to make on the subject, Mr. Bryan said:

"Well, I am getting a great deal of consolation out of the way Mr. Taft has been doing. When I made some phonograph records in order that I might discuss political questions before more people, the republican papers ridiculed me and called it undignified, but Mr. Taft has lifted the phonograph to an eminence by talking into it himself.

"And now my greatest sin is to be made a virtue by imitation. Surely 'imitation is the sincerest form of flattery.' When I went out campaigning in 1896 and 1900 they said it was demagogic to run around over the country hunting for votes. Now it is eminently proper since Mr. Taft is going to do it, and I hope the republican papers will make due apologies.

"They said in 1896 and 1900 that I was scared when I made speeches from the rear of a train, and I was, and the results showed that I had reason to be. I have been wondering whether this explanation would be given when Mr. Taft starts out, and whether the result will be the same with him that it was with me.

"It is hard for us to keep our patents from being infringed on this year. I am afraid they will try to raise a campaign fund by popular contributions next."

GOMPERS AFTER CANNON NOW.

Speeches in the Speaker's District By the Labor Leader This Week.

Danville, Ill., Sept. 7.—Samuel Gompers, president of the American Federation of Labor, will invade the Eighteenth congressional district of Illinois Monday for the avowed purpose of bringing about the defeat of Joseph G. Cannon, speaker of the house of representative, who is making his nineteenth campaign for a seat.

Mr. Gompers two years ago declared his intention of seeking the speaker's defeat, and announced that he would make a number of speeches for the democratic candidate, who opposed Mr. Cannon. However, Mr. Gompers made only one or two speeches in the outskirts of the district. He failed to appear in Danville, where the heaviest labor vote of Mr. Cannon's district is polled. Mr. Cannon was re-elected by the largest majority he has had in eighteen campaigns, with the exception of the vote cast for him four years ago on the occasion of the Roosevelt landslide.

In this county, Vermillion, polled the heaviest labor vote of the entire district. About 5,000 or 6,000 laboring men are employed in the coal mines near Danville, and it is in this county that Speaker Cannon receives his heaviest majority. In the next largest labor settlement or county, Mr. Cannon is given his next heaviest majority, and so on down to Edgar county in which

It is told here that Col. Prince bought the property from the Government twenty years ago and was sold by him to Col. Masterson of Houston, from whom it was purchased by Col. George C. Thompson, of Oklahoma City. Col. Thompson sold it to the syndicate here which retained possession until today.

The land has always been used for cattle, although it lies in the artesian water belt, and is said to be productive for crops.

Labor Day in Oklahoma.

Oklahoma City, Ok., Sept. 7.—Labor Day was celebrated here today with the largest parade in the history of the city. Thousands of laborers participated, and hundreds of union men from the state at large were attracted here by the festivities.

Tulsa, Ok., Sept. 7.—Labor union people from every town within a radius of fifty miles of Tulsa joined together in a great celebration of Labor Day. The day was perfect and the number of visitors in the city was estimated at 10,000. The crowd was the largest which ever participated in a like celebration in this part of the state. The big feature of the celebration was a parade in the morning with over 50,000 members in line. The parade was followed by speaking at the park, the principal orators being Congressman James N. Davenport of the Third District and John Kane of Checotah.

Shawnee, Ok., Sept. 7.—A feature of the Labor Day celebration here was the marriage of Frank Worning of Shawnee and Miss Caroline Russ of El Reno before the assembled labor hosts, the event winning a cash prize of \$50 offered by the Trades Assembly.

PAVING RESOLUTION NO. 2.

In Council Chambers, City of Ada, Oklahoma.

Whereas, the owners of more than half the lands abutting on 12th street, a public thoroughfare in and of the city of Ada, Okla., and situated in blocks 97, 98, 99, 104, 105, and 106 of said city have petitioned the council thereof, to pave the said street with such material as it may think best after careful investigation, from the southeast corner of block 97 and northeast corner of block 106, to the southwest corner of block 99 and the northwest corner of block 104.

Now therefore, be it resolved, By the Mayor and councilmen of the city of Ada:

First. That it is necessary to pave the said 12th street of the city of Ada from the west line of Rennie Avenue to the east line of Stockton Avenue from curb to curb, and to do the necessary grading, curbing and draining, and to put in the necessary catch-basins and manholes.

Second. That this resolution be published in the Ada Evening News, a daily newspaper, in general circulation in said city, for six consecutive issues.

Third. That if the owners of more than one-half (1-2) in area of the lots, pieces or parcels of land liable to assessment for the cost of these improvements shall not, within fifteen (15) days from the last publication of this resolution, file with the city clerk their protest in writing against such improvement, then the Mayor and the Councilmen shall cause the said improvements to be made and contracted for at the expense of the said lots, pieces or parcels of land, and levy assessment thereon to pay for the same provided for in house bill No. 231 of the first legislature of the State of Oklahoma, dated April 17th, 1908, and entitled, "An Act to Provide for the Improvement of Streets and Other Public Places within Cities of the First Class, by Grading, paving, Macadamizing, Curbing, Guttering and Draining the same and Declaring an Emergency."

Passed and Approved and Adopted this the 7th day of September, A. D. 1908.

ADA, OKLAHOMA, MONDAY EVENING, SEPTEMBER 8, 1908

NUMBER 136

LENIENT HUSBAND FORGIVES HIS WIFE

Guthrie, Ok., Sept. 7.—Shame faced, but radiantly happy and penitent, Mrs. Frank Smith returned to her home in Oklahoma City this morning with her husband, a restaurant keeper. She eloped to this city last night with Harry Ray, a former suitor, who she says persuaded her to leave a happy home Ray is in the city jail facing a felony charge. A warrant for his arrest was sworn out by Smith, who came to Guthrie this morning.

For the wife there was nothing but forgiveness. Mrs. Smith was overcome by her husband's generosity when he visited the jail where she, with her companion, was taken last night.

"It was a sad mistake," said Mrs. Smith. "Ray induced me to elope with him against my will I was afraid to refuse him."

Ray, on the other hand, declares from his cell that Mrs. Smith is as much to blame for their downfall as he was. "She tempted me," he said.

Smith and his wife have been married but a year. The romantic fea-

GARTER

Elwood City, Pa., Sept. 7.—Strange things have been found in packages of tobacco. Carpet tacks and broom straws have been the favorite, but today Joseph McCullen found a woman's garter in a freshly packed of "scraps." Now he is wondering where the slip bearing the name and address is.

Usually the young lady who takes chances on putting her garters in packages of tobacco accompanies the same with her name and the request that the finder will write to the factory where the tobacco was packed, and as he is, single and sentimental he may do so.

KILLED HIS WIFE AND HIMSELF

Shawnee, Ok., Sept. 7.—Edward Lichter, a Rock Island brakeman, killed his wife and then himself in a rooming house in Shawnee, at an early hour this morning. They had trouble and for the past few weeks have been separated.

Lichter spent a few days at the home of his parents in Hartford, Ark., and returned to Shawnee last night and located his wife. He engaged a room next to hers, but did not occupy it. Shots were heard by other roomers this morning, and both were found dead. The wife's parents live near Shawnee.

County Treasurer J. C. Cates was elected vice-president of the treasurers' State Association, organized recently at the first meeting of county treasurers of Oklahoma. It was an honor most worthily bestowed.

Wewoka

The county seat election in Seminole county passed off last Saturday without any serious disturbance. Wewoka won by five or six hundred majority, Seminole second with about 800 votes, Konawa third, with about 450 votes.

It is claimed by Seminole and Konawa adherents, that all of the Indians and negroes voted for Wewoka, is the reason it won by such a large majority.

Was Lured to his Death

Hooker, Ok., Sept. 7.—Keeping out of sight of his neighbor, Bert Michael, who came to the Spencer home to make love to Mrs. Spencer, then pouring the contents of a double-barrel shotgun into his body, killing him instantly, J. S. Spencer wreaked terrible vengeance on Michael at a camp near this city.

Michael and the Spencers have lived in this vicinity about two years, and have been neighbors and friends. Some two months ago Spencer went to Kansas to work. Mrs. Spencer warned her husband that Michael was trying to make love to her, telling her that he would have her in spite of her protest; that he could do better by her than her husband. Mrs. Spencer told her husband that she was afraid of Michael.

Spencer returned home unknown to Michael.

Michael came over to the Spencer house during the afternoon and talked to Mrs. Spencer, whose husband lay in waiting to see what Michael would do. The latter went away, saying that he would return that night. He came about 8 o'clock. Spencer and his wife had just gone to bed when Michael appeared at the house. Mrs. Spencer got up at the request of her husband and opened the door, and Michael entered, unaware that Spencer was there. Spencer immediately leveled his shotgun at Michael and fired both barrels into his body, killing him instantly and telephoned the sheriff what had happened. Michael's bulldog followed him to the house and when the officers got there the dog would not allow anyone to touch his master's body. The dog had to be killed before the body could be cared for.

Will Do Most of His Campaigning in Middle West

New York, Sept. 6.—Frank H. Hitchcock, chairman of the Republican committee, arrived in New York today and will remain at the Eastern headquarters until after the election in Maine, September 14. The arrangement made with Mr. Taft at the conference on Middle Bass Island yesterday, under which the Republican candidate for President will begin a speech making trip about October 1, pleased Mr. Hitchcock. He believed that most of Mr. Taft's speeches would be made in the Middle West, although some time might be devoted to New York and other Eastern states. The West Virginia case, which has been heard by a subcommittee of the national committee, will be presented to Mr. Hitchcock to-morrow.

Increased railroad business in a town or city, means a growing and thriving place. This is what the report of the railroads at Ada show.

When a community, town or city, shows a greater increase paid for outgoing freight on products than is paid on that coming in, that section is prospering. That is the case in Ada.

With crop prospects brighter than for many years, a general spirit of improvement in country and town; the buying of unoccupied land and converting it into homes, all go to make Oklahoma the most prosperous section of this country.

The business men of Ada can save you money by coming here to trade. They buy goods in large quantities, consequently get them at the lowest prices, thus enabling them to give their customers the benefit of these bargains.

This is ideal weather and is the kind that is common in Oklahoma. With a fertile soil, equitable climate, and riches beyond computation

In minerals, why shouldn't Oklahoma forge rapidly to the front? In addition to these natural resources, this state has an industrious, energetic and patriotic people

MORE MANUFACTURERS.

Some day not very far away the people of Oklahoma will wake up to the fact that it pays better to manufacture her home products than to pay tribute to some other states for the material which she might produce at home but does not. Take the matter of lime. There is enough limestone in any one of twenty counties in the new state to supply the world yet practically all the lime comes from Missouri, Arkansas or Texas. We send money out of the state to buy lime and thereby add to the revenue of other states, when the money should be kept at home and added to the total wealth of Oklahoma. So it is with many other products, such as building stone, brick, gypsum, plaster, Portland cement terra cotta, salt, asphalt, sewer tile, and the like. With unlimited quantities of raw material and fuel in plenty to manufacture it we continually send away from the state for these products.

The Oklahoma Geological Survey has several parties in the field investigating the presence of the mineral deposits of the state. When its reports are published the people will know what there is to be manufactured and factories and plants will be established to take care of Oklahoma's resources.

Back From Vacation.

Judge Joel Terrell and Mr. C. J. Warren returned from Sulphur this morning where each had gone separately but on missions most closely related, so it is related. These amiable gentlemen appear as if the Springs agreed with them. They returned together.

INCREASED FREIGHT BUSINESS AT ADA

Towns and cities are built by being able to furnish products for shipment as well as furnishing a market for products consumed, and the exporting is more conducive to the prosperity of a community than the importing

Ada belongs to the exporting class, and this fact is given tangible evidence by the freight bills paid the railroads centering here. Take as a comparison the amount received by

the Frisco at this point, during the month of August, 1907, and 1908. There was an increase of \$10,293.60 in freight paid for products shipped out the past month, compared with August, 1907. The freight charges on receipts of products show an increase of \$551.34

Although there has been a great reduction on passenger railroads rates in this State, the Frisco shows a gain for August, 1908, over that month in 1907.

PRESS COMMENT.

Gov. Hanly of Indiana is reputed to have the republican state leaders "eating out of his hand." Perhaps that is the only way he can keep them from putting their feet in the trough—Dallas News

The Times says the bank guaranty idea is impracticable because all the banks might close at once and the guarantee fund play out. Yes, and what would happen if everybody took the chills at the same time and the quinine supply played out? Horrors!—Oklahoman

You really cannot afford not to be identified with the commercial organization of your town. It is a body of men banded together for the purpose of looking after the business interests of the town and to advance in every way possible the material interests of the town. These are things that are of interest to you individually and certainly you do not want to sit back and allow others to do things which are of as much benefit to you as to them. You want to hold up your end and you should get in line and place your name on the rolls of the organization—Denison Herald

Roosevelt

Oyster Bay, N. Y., Sept. 7.—Armed with a big revolver fully loaded, a man believed to be a crank, who admitted he once was in an insane asylum and who insisted he must see President Roosevelt, was captured within a stone's throw of the president's home on Sagamore Hill today. He did not submit to arrest without a struggle, in which he attempted to draw his weapon on two secret service men.

In connection with the arrest it was learned that a mysterious shooting, which many construe as a deliberate attempt to assassinate the president, has kept the secret service men busy since Saturday last, and was the occasion of the hurried visit made by Chief Wilkie of the secret service bureau, who came from Washington yesterday and consulted with his subordinates at Sagamore Hill

Shot Fired from Ambush.

With a companion the president was on horseback, riding along the Cove road, which skirts the shore of the bay. As he returned and was about turning into his own grounds a shot was fired from a revolver by some one concealed in the dense woods on the grounds of the president's cousin, W. E. Roosevelt. If the president was the target the bullet went wide of its mark. No trace of the miscreant could be found by the secret service men, and they do not connect the shooting with the appearance of the crank today, although they do not know how long he has been in the village.

Charge Is Concealed Weapon.

In his pocket was an old purse, in which, tied in a piece of velvet, was \$80. He made no defense when charged with carrying concealed weapons, and on this charge he was held, being sent to the county jail at Mineola.

He was not asked if he had been near the president's home on Saturday, the day the shot was fired.

Chas. W. Baldwin was called to the bedside of his father, who is not expected to live. He left this morning for Chickasha.

Judge Brown Returns.

Judge H. J. Brown under the advantage of Labor Day succeeding Sunday secured a short respite from his rather arduous court duties and treated himself with a visit to his son Marvin L. Brown who is engaged in responsible position on the Appeal to Reason at Girard, Kan.

Judge Brown returned home this morning and when the News man inquired as to the reason of his trip and the welfare of his son, the response was that he had enjoyed his visit to the utmost and that Marvin was most substantial in a quite responsible connection with the mammoth publication on which he is engaged.

Both Mr. and Mrs. Marvin Brown have many friends in Ada, who will be glad to hear of their general satisfaction with the Kansas home.

The public remembers that Mr. Brown was once associate proprietor of the News and that his wife was Miss Mattie Rogers, whose mother and other relatives are highly respected and well connected residents of Ada.

Deafness Cannot Be Cured

by local applications, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Heart Strength

Heart strength, or Heart Weakness, means Nerve strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased, it is almost always hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, strengthens, it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

EX-GOV. FRANTZ BUYS BIG TEXAS RANCH

Oklahoma City, Sept. 7.—Former Gov. Frank Frantz of Enid and his brother, Orville G. Frantz of this place, today purchased from an Oklahoma City syndicate the Prince ranch, of 50,000 acres, situated about seventy-five miles south of San Antonio. While the consideration is not given, it is understood to have been in the neighborhood of \$800,000. It is the purpose of the Frantz brothers to resell the property in small tracts. Gov. Frantz will open headquarters in San Antonio during the week and Orville Frantz will be in charge of an office in Oklahoma City.

The Prince ranch lies mainly in the northwestern corner of McMullen county, with small portions aggregat-

ing 10,000 acres in Frio LaSalle and Atascosa Counties. It is told here that Col. Prince bought the property from the Government twenty years ago and was sold by him to Col. Masterson of Houston, from whom it was purchased by Col. George C. Thompson, of Oklahoma City. Col. Thompson sold it to the syndicate here which retained possession until today.

The land has always been used for cattle, although it lies in the artesian water belt, and is said to be productive for crops.

Ex-Gov. Frantz was an appointee of President Roosevelt to the Governorship of Oklahoma Territory, and as a Republican nominee made the race against C. N. Haskell for Governor of the new State. He was a Rough Rider and lived for a number of years in the Southwest.

BRYAN

Fairview, Lincoln, Neb., Sept. 7.—William J. Bryan previous to leaving here to begin a three weeks' campaign tour which will carry him into the Middle West, the Eastern states, and back through the West into South Dakota, before returning home.

Perhaps no recent news afforded the democratic candidate for president so much interest as the announcement that Mr. Taft proposed making a campaign tour. Mr. Bryan regarded his opponent's decision as a distinctive vindication of his course in the present, as well as his two previous campaigns, when he traveled over the country and delivered political speeches. When asked if he had any comment to make on the subject, Mr. Bryan said:

"Well, I am getting a great deal of consolation out of the way Mr. Taft has been doing. When I made some phonograph records in order that I might discuss political questions before more people, the republican papers ridiculed me and called it undignified. But Mr. Taft has lifted the phonograph to an eminence by talking into it himself.

"And now my greatest sin is to be made a virtue by imitation. Surely 'imitation is the sincerest form of flattery.' When I went out campaigning in 1896 and 1900 they said it was demagogic to run around over the country hunting for votes. Now it is eminently proper since Mr. Taft is going to do it, and I hope the republican papers will make due apologies.

"They said in 1896 and 1900 that I was scared when I made speeches from the rear of a train, and I was, and the results showed that I had reason to be. I have been wondering whether this explanation would be given when Mr. Taft starts out, and whether the result will be the same with him that it was with me.

"It is hard for us to keep our patents from being infringed on this year. I am afraid they will try to raise a campaign fund by popular contributions next."

GOMPERS AFTER CANNON NOW.

Speeches in the Speaker's District by the Labor Leader This Week.

Danville, Ill., Sept. 7.—Samuel Gompers, president of the American Federation of Labor, will invade the Eighteenth congressional district of Illinois Monday for the avowed purpose of bringing about the defeat of Joseph G. Cannon, speaker of the house of representatives, who is making his nineteenth campaign for a seat.

Mr. Gompers two years ago declared his intention of seeking the speaker's defeat, and announced that he would make a number of speeches for the democratic candidate, who opposed Mr. Cannon. However, Mr. Gompers made only one or two speeches in the outskirts of the district. He failed to appear in Danville, where the heaviest labor vote of Mr. Cannon's district is polled. Mr. Cannon was re-elected by the largest majority he has had in eighteen campaigns, with the exception of the vote cast for him four years ago on the occasion of the Roosevelt landslide.

In this county, Vermillion, polled the heaviest labor vote of the entire district. About 5,000 or 6,000 laboring men are employed in the coal mines near Danville, and it is in this county that Speaker Cannon receives his heaviest majority. In the next largest labor settlement or county, Mr. Cannon is given his next heaviest majority, and so on down to Edgar county in which

but a few union laborers live. This is populated almost entirely by farmers, where the speaker receives his lightest majority

Labor Day in Oklahoma.

Oklahoma City, Ok., Sept. 7.—Labor Day was celebrated here today with the largest parade in the history of the city. Thousands of laborers participated, and hundreds of union men from the state at large were attracted here by the festivities.

Tulsa, Ok., Sept. 7.—Labor union people from every town within a radius of fifty miles of Tulsa joined together in a great celebration of Labor Day. The day was perfect and the number of visitors in the city was estimated at 10,000. The crowd was the largest which ever participated in a like celebration in this part of the state. The big feature of the celebration was a parade in the morning with over 50,000 members in line. The parade was followed by speaking at the park, the principal orators being Congressman James N. Davenport of the Third District and John Kane of Checotah.

Shawnee, Ok., Sept. 7.—A feature of the Labor Day celebration here was the marriage of Frank Worning of Shawnee and Miss Caroline Russ of El Reno before the assembled labor hosts, the event winning a cash prize of \$50 offered by the Trades Assembly.

Run Down by Train.

Oklahoma City, Ok., Sept. 7.—While running at the rate of fifteen miles an hour through the south yards, the Frisco passenger known as the Meteor passenger train from St. Louis, ran down a buggy occupied by Mrs. Emma Portrey, her daughter Emma and her son Alese. Mrs. Portrey sustained a fractured shoulder. The girl seized the flag post of the engine and was dragged fifty yards, but was only slightly injured. The body was not injured.

PAYING RESOLUTION NO. 2.

In Council Chambers, City of Ada, Oklahoma.

Whereas, the owners of more than half the lands abutting on 12th street, a public thoroughfare in and of the city of Ada, Okla., and situated in blocks 97, 98, 99, 104, 105, and 106 of said city have petitioned the council thereof, to pave the said street with such material as it may think best after careful investigation, from the southeast corner of block 97 and northeast corner of block 106, to the southwest corner of block 99 and the northwest corner of block 104.

Now therefore, be it resolved, By the Mayor and councilmen of the city of Ada:

First. That it is necessary to pave the said 12th street of the city of Ada from the west line of Rennie Avenue to the east line of Stockton Avenue from curb to curb, and to do the necessary grading, curbing and draining, and to put in the necessary catch-basins and manholes.

Second. That this resolution be published in the Ada Evening News, a daily newspaper, in general circulation in said city, for six consecutive issues.

Third. That if the owners of more than one-half (1-2) in area of the lots, pieces or parcels of land liable to assessment for the cost of these improvements shall not, within fifteen (15) days from the last publication of this resolution, file with the city clerk their protest in writing against such improvement, then the Mayor and the Councilmen shall cause the said improvements to be made and contracted for at the expense of the said lots, pieces or parcels of land, and levy assessment thereon to pay for the same provided for in house bill No. 231 of the first legislature of the State of Oklahoma, dated April 17th, 1908, and entitled, "An Act to Provide for the Improvement of Streets and Other Public Places within Cities of the First Class, by Grading, paving, Macadamizing, Curbing, Guttering and Draining the same and Declaring an Emergency."

Passed and Approved and Adopted this 7th day of September, A. D. 1908.

L. J. LITTLE, Acting Mayor.

Attest: W. B. JONES, City Clerk.

LENIENT HUSBAND FORGIVES HIS WIFE

Guthrie Ok Sept 7—Shame faced but radiantly happy and penitent Mrs. Frank Smith returned to her home in Oklahoma City this morning with her husband a restaurant keeper. She eloped to this city last night with Harry Ray a former suitor who she says persuaded her to leave a happy home Ray is in the city jail facing a felony charge. A warrant for his arrest was sworn out by Smith who came to Guthrie this morning.

For the wife there was nothing but forgiveness Mrs. Smith was overcome by her husband's generosity when he visited the jail where she with her companion was taken last night.

It was a sad mistake said Mrs. Smith Ray induced me to elope with him against my will I was afraid to refuse him.

Ray on the other hand declares from his cell that Mrs. Smith is as much to blame for their downfall as he was. She tempted me he said.

Smith and his wife have been married but a year. The romantic fea-

ture of the affair is that both the husband and the man with whom she eloped were Mrs. Smith's wooers. Both were fiercely jealous and she was scarcely able to make a choice. Finally Smith took the lead and carried off a blushing bride who by the way is a fetching blonde. Smith made heroic efforts to hush the affair. His wife declared her determination to live her mistake down.

KILLED HIS WIFE AND HIMSELF

Shawnee Ok Sept 7—Edward Lichter a Rock Island brakeman killed his wife and then himself in a rooming house in Shawnee at an early hour this morning. They had trouble and for the past few weeks have been separated.

Lichter spent a few days at the home of his parents in Hartford, Ark. and returned to Shawnee last night and located his wife. He engaged a room next to hers but did not occupy it. Shots were heard by other roomers this morning and both were found dead. The wife's parents live near Shawnee.

County Treasurer J. C. Gates was elected vice-president of the treasurer's State Association organized recently at the first meeting of county treasurers of Oklahoma. It was an honor most worthily bestowed.

GARTER

Elwood City Pa. Sept 7—Strange things have been found in packages of tobacco. Carpet tacks and bloom straws have been the favorite but today Joseph McCullen found a woman's garter in a freshly packed of scrap. Now he is wondering where the slip bearing the name and address is.

Usually the young lady who takes chances on putting her garters in packages of tobacco accompanies the same with her name and the request that the finder will write McCullen's friends want him to write to the factory where the tobacco was packed and as he is single and sentimental he may do so.

Wewoka

The county seat election in Seminole county passed off last Saturday without any serious disturbance.

Wewoka won by five or six hundred majority. Seminole second with about 500 votes. Konawa third, with about 450 votes.

It is claimed by Seminole and Konawa adherents that all of the Indians and negroes voted for Wewoka is the reason it won by such a large majority.

(looker Ok Sept 7—Keeping out of sight of his neighbor Bert Michael who came to the Spencer home to make love to Mrs. Spencer then pouring the contents of a double-barrel shotgun into his body killing him instantly. I. S. Spencer wreaked terrible vengeance on Michael at a camp near this city.

Michael and the Spencers have lived in this vicinity about two years and have been neighbors and friends. Some two months ago Spencer went to Kansas to work. Mrs. Spencer warned her husband that Michael was trying to make love to her telling her that he would have her in spite of her protest that he could do better by her than her husband. Mrs. Spencer told her husband that she was afraid of Michael.

Spencer returned home unknown to Michael.

Michael came over to the Spencer house during the afternoon and talked to Mrs. Spencer whose husband lay in waiting to see what Michael would do. The latter went away saying that he would return that night. He came about 3 o'clock. Spencer and his wife had just gone to bed when Michael appeared at the house. Mrs. Spencer got up at the request of her husband and opened the door and Michael entered, unaware that Spencer was there. Spencer immediately leveled his shotgun at Michael and fired both barrels into his body killing him instantly and telephoned the sheriff what had happened. Michael's bulldog followed him to the house and when the officers got there the dog would not allow anyone to touch his master's body. The dog had to be killed before the body could be cared for.

TAFT TO SPEAK IN WEST.

Will Do Most of His Campaigning in Middle West.

New York Sept 6—Frank H. Hitchcock chairman of the Republican committee, arrived in New York today and will remain at the Easton headquarters until after the election in Maine, September 14. The arrangement made with Mr. Taft at the conference on Middle Bass Island yesterday, under which the Republican candidate for President will begin a speech making trip about October 1, pleased Mr. Hitchcock. He believed that most of Mr. Taft's speeches would be made in the Middle West, although some time might be devoted to New York and other Eastern states. The West Virginia case, which has been heard by a subcommittee of the national committee, will be presented to Mr. Hitchcock to-morrow.

Increased railroad business in a town or city, means a growing and thriving place. This is what the report of the railroads at Ada show.

When a community, town or city, shows a greater increase paid for outgoing freight on products than is paid on that coming in, that section is prospering. That is the case in Ada.

With crop prospects brighter than for many years, a general spirit of improvement in country and town; the buying of unoccupied land and converting it into homes, all go to make Oklahoma the most prosperous section of this country.

The business men of Ada can save you money by coming here to trade. They buy goods in large quantities, consequently get them at the lowest prices, thus enabling them to give their customers the benefit of these bargains.

This is ideal weather and is the kind that is common in Oklahoma. With a fertile soil, equitable climate, and riches beyond computation

In minerals, why shouldn't Oklahoma forge rapidly to the front? In addition to these natural resources, this state has an industrious, energetic and patriotic people

MORE MANUFACTURERS.

Some day not very far away the people of Oklahoma will wake up to the fact that it pays better to manufacture her home products than to pay tribute to some other states for the material which she might produce at home but does not. Take the matter of lime. There is enough limestone in any one of twenty counties in the new state to supply the world yet practically all the lime comes from Missouri, Arkansas or Texas. We send money out of the state to buy lime and thereby add to the revenue of other states, when the money should be kept at home and added to the total wealth of Oklahoma. So it is with many other products, such as building stone, brick, gypsum, plaster, Portland cement, terra cotta, salt, asphalt, sewer tile, and the like. With unlimited quantities of raw material and fuel in plenty to manufacture it we continually send away from the state for these products.

The Oklahoma Geological Survey has several parties in the field investigating the presence of the mineral deposits of the state. When its reports are published the people will know what there is to be manufactured and factories and plants will be established to take care of Oklahoma's resources.

INCREASED FREIGHT BUSINESS AT ADA

Towns and cities are built by being able to furnish products for shipment as well as furnishing a market for products consumed, and the exporting is more conducive to the prosperity of a community than the importing.

Ada belongs to the exporting class, and this fact is given tangible evidence by the freight bills paid the railroads centering here. Take as a comparison the amount received by

the Frisco at this point, during the month of August, 1907, and 1908. There was an increase of \$10,293.69 in freight paid for products shipped out the past month, compared with August, 1907. The freight charges on receipts of products show an increase of \$551.14.

Although there has been a great reduction on passenger railroads rates in this State, the Frisco shows a gain for August, 1908, over that month in 1907.

Judge Brown Returns.

Judge H. J. Brown under the advantage of Labor Day succeeding Sunday secured a short respite from his rather arduous court duties and treated himself with a visit to his son Marvin L. Brown who is engaged in responsible position on the Appeal to Reason at Girard, Kan.

Judge Brown returned home this morning and when the News man inquired as to the reason of his trip and the welfare of his son, the response was that he had enjoyed his visit to the utmost and that Marvin was most substantial in a quite responsible connection with the mammoth publication on which he is engaged.

Both Mr. and Mrs. Marvin Brown have many friends in Ada, who will be glad to hear of their general satisfaction with the Kansas home.

The public remembers that Mr. Brown was once associate proprietor of the News and that his wife was Miss Mattie Rogers, whose mother and other relatives are highly respected and well connected residents of Ada.

PRESS COMMENT.

Gov. Hanly of Indiana is reputed to have the republican state leaders "earing out of his hand." Perhaps that is the only way he can keep them from putting their feet in the trough—Dallas News

The Times says the bank guaranty idea is impracticable because all the banks might close at once and the guarantee fund play out. Yes, and what would happen if everybody took the chills at the same time and the quinine supply played out? Horrors!—Oklahoman

You really cannot afford not to be identified with the commercial organization of your town. It is a body of men banded together for the purpose of looking after the business interests of the town and to advance in every way possible the material interests of the town. These are things that are of interest to you individually and certainly you do not want to sit back and allow others to do things which are of as much benefit to you as to them. You want to hold up your end and you should get in line and place your name on the rolls of the organization —Denison Herald

Roosevelt

Oyster Bay, N. Y. Sept. 7.—Arrived with a big revolver fully loaded, a man believed to be a crank, who admitted he once was in an insane asylum and who insisted he must see President Roosevelt, was captured within a stone's throw of the president's home on Sagamore Hill today. He did not submit to arrest without a struggle, in which he attempted to draw his weapon on two secret service men.

In connection with the arrest it was learned that a mysterious shooting, which many construe as a deliberate attempt to assassinate the president, has kept the secret service men busy since Saturday last, and was the occasion of the hurried visit made by Chief Wicket of the secret service bureau, who came from Washington yesterday and consulted with his subordinates at Sagamore Hill.

Shot Fired from Ambush.

With a companion the president was on horseback, riding along the Cove road, which skirts the shore of the bay. As he returned and was about turning into his own grounds, a shot was fired from a revolver by some one concealed in the dense woods on the grounds of the president's cousin, W. Emmet Roosevelt. If the president was the target the bullet went wide of its mark. No trace of the miscreant could be found by the secret service men, and they do not connect the shooting with the appearance of the crank today, although they do not know how long he has been in the village.

Charge Is Concealed Weapon.

In his pocket was an old purse, in which, tied in a piece of velvet, was \$50. He made no defense when charged with carrying concealed weapons, and on this charge he was held, being sent to the county jail at Mineola.

He was not asked if he had been near the president's home on Saturday, the day the shot was fired.

Chas. W. Baldwin was called to the bedside of his father, who is not expected to live. He left this morning for Chickasha.

Notice.

A representative of the commissioner to the five civilized tribes will be at Ada, Okla., Monday, Sept. 28th, 1908, for the purpose of receiving proof of three years continuous residence, or continuous residence from date of settlement until date of death, on behalf of enrolled Mississippi Chickaws who have not heretofore submitted such proof.

EX-GOV. FRANTZ BUYS BIG TEXAS RANCH

Oklahoma City, Sept. 7.—Former Gov. Frank Frantz of Enid and his brother, Orville G. Frantz of this place, today purchased from an Oklahoma City syndicate the Prince ranch, of 50,000 acres, situated about seventy-five miles south of San Antonio. While the consideration is not given, it is understood to have been in the neighborhood of \$600,000. It is the purpose of the Frantz brothers to resell the property in small tracts. Gov. Frantz will open headquarters in San Antonio during the week and Orville Frantz will be in charge of an office in Oklahoma City.

The Prince ranch lies mainly in the northwestern corner of McMullen county, with small portions aggregat-

ing 10,000 acres in Frio LaSalle and Atascosa Counties.

It is told here that Col. Prince bought the property from the Government twenty years ago and was sold by him to Col. Masterson of Houston, from whom it was purchased by Col. George C. Thompson, of Oklahoma City. Col. Thompson sold it to the syndicate here which retained possession until today.

The land has always been used for cattle, although it lies in the artesian water belt, and is said to be productive for crops.

Ex-Gov. Frantz was an appointee of President Roosevelt to the Governorship of Oklahoma Territory, and as a Republican nominee made the race against C. N. Haskell for Governor of the new State. He was a Rough Rider and lived for a number of years in the Southwest.

BRYAN

Fairview, Lincoln, Neb., Sept. 7.—William J. Bryan previous to leaving here to begin a three weeks' campaign tour which will carry him into the Middle West, the Eastern states, and back through the West into South Dakota, before returning home.

Perhaps no recent news afforded the democratic candidate for president so much interest as the announcement that Mr. Taft proposed making a campaign tour. Mr. Bryan regarded his opponent's decision as a distinctive vindication of his course in the present, as well as his two previous campaigns, when he traveled over the country and delivered political speeches. When asked if he had any comment to make on the subject, Mr. Bryan said:

"Well, I am getting a great deal of consolation out of the way Mr. Taft has been doing. When I made some phonograph records in order that I might discuss political questions before more people, the republican papers ridiculed me and called it undignified, but Mr. Taft has lifted the phonograph to an eminence by talking into it himself."

"And now my greatest sin is to be made a virtue by imitation. Surely 'imitation is the sincerest form of flattery.' When I went out campaigning in 1896 and 1900 they said it was demagogic to run around over the country hunting for votes. Now it is eminently proper since Mr. Taft is going to do it, and I hope the republican papers will make due apologies."

"They said in 1896 and 1900 that I was scared when I made speeches from the rear of a train, and I was, and the results showed that I had reason to be. I have been wondering whether this explanation would be given when Mr. Taft starts out, and whether the result will be the same with him that it was with me."

"It is hard for us to keep our patents from being infringed on this year. I am afraid they will try to raise a campaign fund by popular contributions next."

GOMPERS AFTER CANNON NOW.

Speeches in the Speaker's District By the Labor Leader This Week.

Danville, Ill., Sept. 7.—Samuel Gompers, president of the American Federation of Labor, will invade the Eighteenth congressional district of Illinois Monday for the avowed purpose of bringing about the defeat of Joseph G. Cannon, speaker of the house of representative, who is making his nineteenth campaign for a seat.

Mr. Gompers two years ago declared his intention of seeking the speaker's defeat, and announced that he would make a number of speeches for the democratic candidate, who opposed Mr. Cannon. However, Mr. Gompers made only one or two speeches in the outskirts of the district. He failed to appear in Danville, where the heaviest labor vote of Mr. Cannon's district is polled. Mr. Cannon was re-elected by the largest majority he has had in eighteen campaigns, with the exception of the vote cast for him four years ago on the occasion of the Roosevelt landslide.

In this county, Vermillion, polled the heaviest labor vote of the entire district. About 5,000 or 6,000 laboring men are employed in the coal mines near Danville, and it is in this county that Speaker Cannon receives his heaviest majority. In the next largest labor settlement or county, Mr. Cannon is given his next heaviest majority, and so on down to Edgar county in which

but a few union laborers live. This is populated almost entirely by farmers, where the speaker receives his lightest majority.

Labor Day in Oklahoma.

Oklahoma City, Ok., Sept. 7.—Labor Day was celebrated here today with the largest parade in the history of the city. Thousands of laborers participated, and hundreds of union men from the state at large were attracted here by the festivities.

Tulsa, Ok., Sept. 7.—Labor union people from every town within a radius of fifty miles of Tulsa joined together in a great celebration of Labor Day. The day was perfect and the number of visitors in the city was estimated at 10,000. The crowd was the largest which ever participated in a like celebration in this part of the state. The big feature of the celebration was a parade in the morning with over 50,000 members in line. The parade was followed by speaking at the park, the principal orators being Congressman James N. Davenport of the Third District and John Kane of Cherokee.

Shawnee, Ok., Sept. 7.—A feature of the Labor Day celebration here was the marriage of Frank Worning of Shawnee and Miss Caroline Russ of El Reno before the assembled labor hosts, the event winning a cash prize of \$50 offered by the Trades Assembly.

Ran Down by Train.

Oklahoma City, Ok., Sept. 7.—While running at the rate of fifteen miles an hour through the south yards, the Frisco passenger known as the Meteor passenger train from St. Louis, ran down a buggy occupied by Mrs. Emma Portrey, her daughter Emma and her son Alesse. Mrs. Portrey sustained a fractured shoulder. The girl seized the flag post of the engine and was dragged fifty yards, but was only slightly injured. The body was not injured.

IN COUNTY COURT.

State of Oklahoma, Pontotoc County. In the matter of the Estate of Wilson Lewis, deceased.

To the Heirs, Next of Kin, and Creditors of Wilson Lewis, deceased:

You are hereby notified that Humphrey Colbert has applied to the County Court of Pontotoc County, State of Oklahoma, for letters of administration on the estate of Wilson Lewis, deceased, to be granted to Humphrey Colbert and that said application will be heard in the court room of said court in the city of Ada, in said county, on the 12 day of Sept. 1908, at 10 o'clock a. m., at which time and place any person interested may appear and show cause if any they have why such petition should not be granted.

Witness my hand and the seal of said court hereunto affixed, this 22 day of August, 1908.

PAYING RESOLUTION NO. 2.

In Council Chambers, City of Ada, Oklahoma.

Whereas, the owners of more than half the lands abutting on 12th street, a public thoroughfare in and of the city of Ada, Okla., and situated in blocks 97, 98, 99, 104, 105, and 106 of said city have petitioned the council thereof, to pave the said street with such material as it may think best after careful investigation, from the southeast corner of block 97 and northeast corner of block 106, to the southwest corner of block 99 and the northwest corner of block 104.

Now therefore, be it resolved, By the Mayor and councilmen of the city of Ada:

First. That it is necessary to pave the said 12th street of the city of Ada from the west line of Rennie Avenue to the east line of Stockton Avenue from curb to curb, and to do the necessary grading, curbing and draining, and to put in the necessary catch-basins and manholes.

Second. That this resolution be published in the Ada Evening News, a daily newspaper, in general circulation in said city, for six consecutive issues.

Third. That if the owners of more than one-half (1-2) in area of the lots, pieces or parcels of land liable to assessment for the cost of these improvements shall not, within fifteen (15) days from the last publication of this resolution, file with the city clerk their protest in writing against such improvement, then the Mayor and the Councilmen shall cause the said improvements to be made and contracted for at the expense of the said lots, pieces or parcels of land, and levy assessment thereon to pay for the same provided for in house bill No. 231 of the first legislature of the State of Oklahoma, dated April 17th, 1908, and entitled, "An Act to Provide for the Improvement of Streets and Other Public Places within Cities of the First Class, by Grading, paving, Macadamizing, Curbing, Guttering and Draining the same and Declaring an Emergency."

Passed and Approved and Adopted this 7th day of September, A. D. 1908.

L. J. LITTLE, Acting Mayor. Attest: W. B. JONES, City Clerk. Seal. First published Sept. 8, 1908.
